DYLAN GIBBONS

Lefroy, ON | 705-623-5793 | drtgibb@gmail.com | github.com/DRT-Gibbons | https://drt-gibbons.github.io/portfolio/ linkedin.com/in/dylan-gibbons-b0441425b/

Software developer currently attending Georgian College for Computer Programming.

SKILLS & TECHNOLOGIES

- Front end: HTML/CSS, JavaScript, Typescript, Tailwind CSS, and Angular.
- Back end: Node.js, Express.js, MongoDB, PHP, MySQL (Workbench), Python, Java, and other C-based languages (C#, C++, etc.).
- Version control with Git and GitHub.
- MS Office Suite (Word, PPT, Excel, etc.).
- Years of experience maintaining relationships and working with clients on both time-sensitive and time-intensive projects.
- Comfortable working both alone and collaboratively as part of a team, whether in person or remotely.

ADDITIONAL INFO

- Willing to commute to nearby regions, including the GTA and surrounding area.

ONGOING PROJECTS

API Dashboard (in development)

- The app serves as a home dashboard and utilizes APIs to supply the user with useful information, including current location-based weather, stock trends, trending news stories, etc.
- The app is currently being developed with the MEAN stack (MongoDB, Express.js, Angular, and Node.js).

StyleStage Submission

- A project I submitted as part of the StyleStage front-end developer project.
- The project's goal is to showcase the power of vanilla CSS and the unique layouts and aesthetics created by participants.

EDUCATION

SEP 2024–DEC 2025
